*Keep us, O God, from Pettiness,
Let us be large in thought, in word,
in deed.*

*Let us be done with fault-finding
And leave off self-seeking.*

*May we put away all pretense
And meet each other face to face
Without self-pity and without prejudice.*

*May we never be hasty in Judgment
And always generous.*

*Let us take time for all things.
Make us to grow calm, serene, gentle.*

*Teach us to put into action our better
Impulses: straightforward and unafraid.*

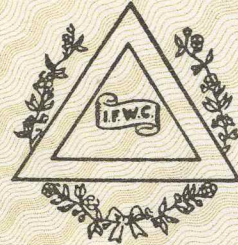

*Grant that we may realize it is
The little things that create difference,
That in the big things of life we are
as one;*

*And may we strive to touch and to know
The great common human heart of us all.*

*And, O Lord God, let us forget not
To be Kind!*

A TRIBUTE TO CLUB PRESIDENTS

Club Presidents come in assorted sizes and shapes.

Club members revere them, state presidents and district presidents honor them --- husbands put up with them.

One of the prime requisites for her job is a strong back and a pair of willing hands. She is endlessly toting things like boxes --- always full --- chairs, dishes, trees, casseroles --- and occasionally babies.

The trunk of her car rotates between looking like the inside of a super market, a moving van, a china closet, a junk collector and a rag bag.

Some club Presidents are well organized, some are half organized, and some just "play it by ear." All end up with approximately the same results.

Club Presidents probably appreciate their families more than any other women --- because their moments are so precious, each day is a challenge to accomplish the impossible and still be home in time to meet 3:45 school bus and prepare the evening meal.

Club Presidents pray a lot, cry a lot, laugh a lot and enjoy a feeling of accomplishment when someone stops to say "thank you, you are doing a good job; the meeting was great."

Discouragement is her greatest enemy, faith her best friend.

She is qualified for nothing in particular and every thing in general.

She is part business executive, janitor, teacher, psychologist, speech maker, counselor, cook and defender.

Her chief feminine virtues must be compassion, wisdom, enthusiasm, and courage.

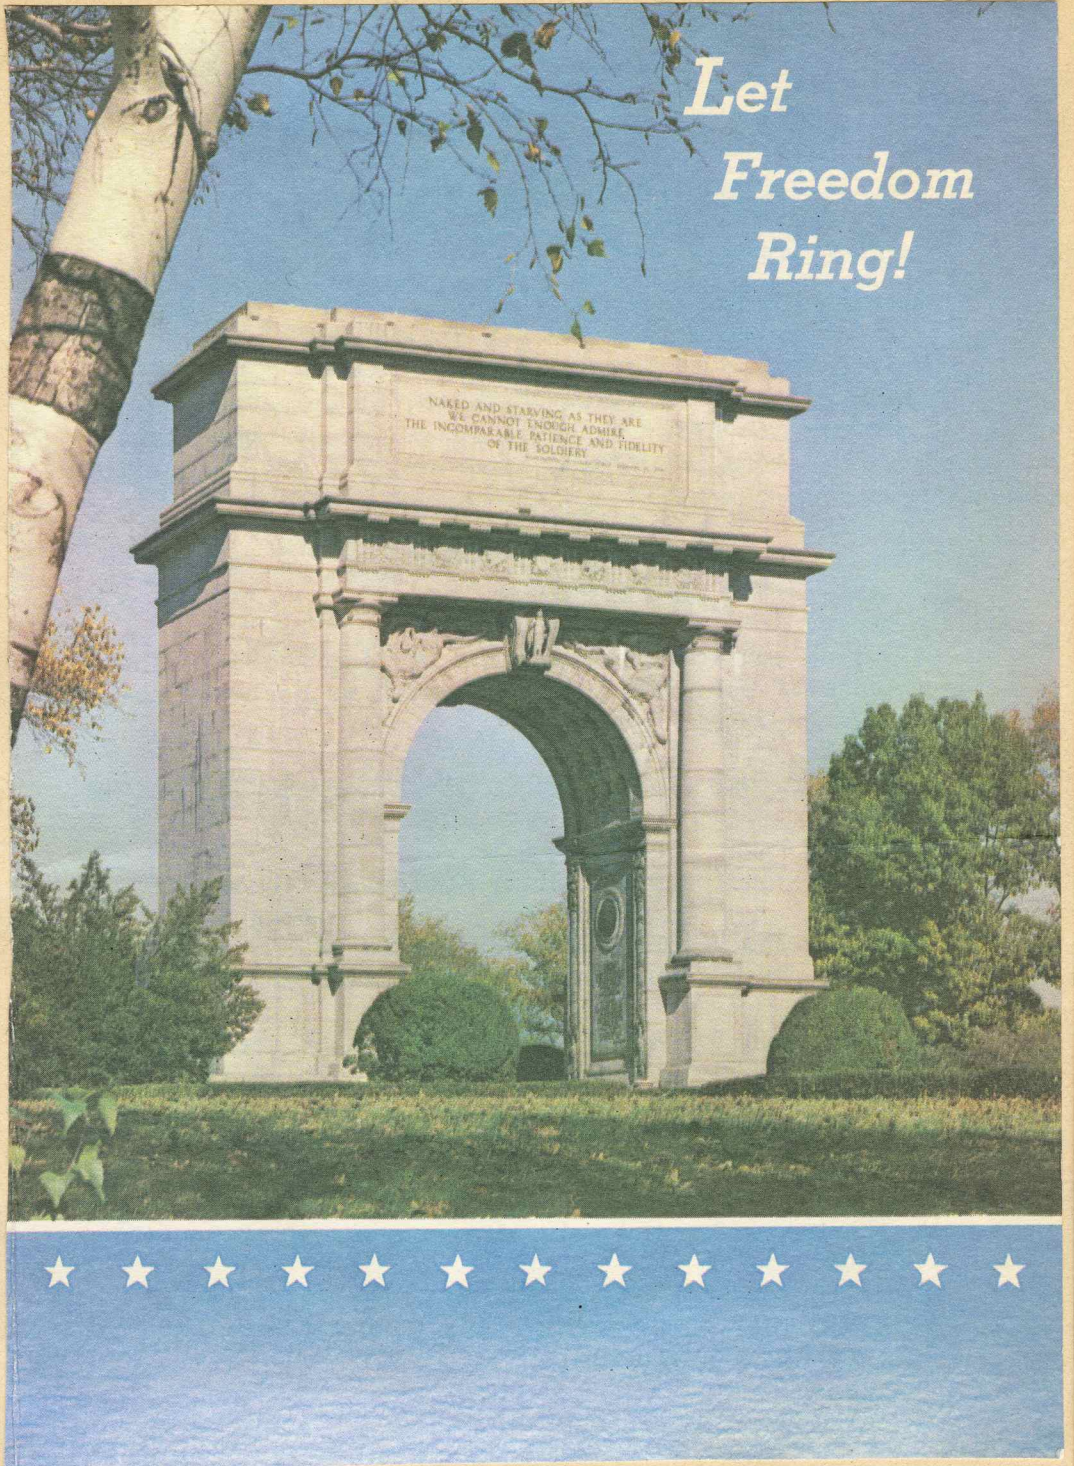

Club Presidents are a peculiar brand of womanhood; to them a confidence is a sacred trust, a problem something that can be overcome.

No club President ever concerns herself with the prestige of her position; she is much too busy.

Once in a while a club President gets tired but she never allows it to show. To do so is fatal. Rather she quietly finds a day off and spends it praying for strength.

Her rewards are treasures unperceived by others. These she stores in the very depth of her soul to draw out in quiet moments and enjoy. A club member's humble "thank you," a project well done, renewed faith in herself, a few grateful tears, the touch of a dear hand, the love she has earned from her faithful members

Club Presidents we salute you !

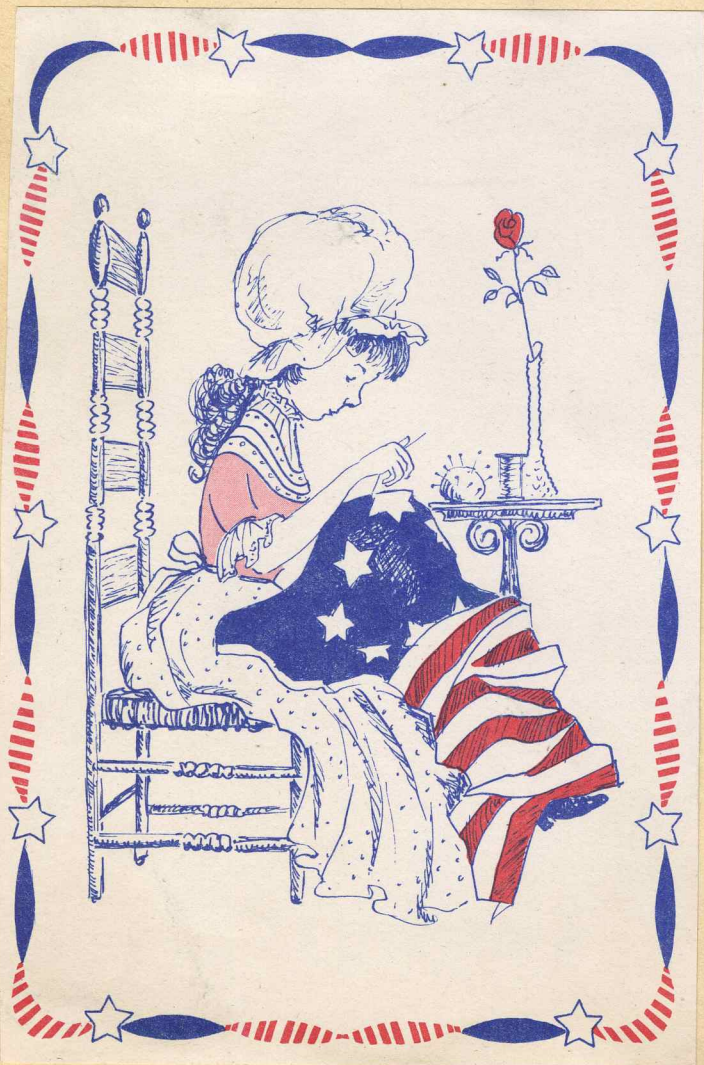

TO THE OCCIDENT CLUB

Being your President this past year
 Has been a job full of pleasure
 You are all so helpful and dear
 I know the Club will long endure

So dear members, I wish the best for you
 And for this Club, so kind so dear
 May it always receive what is just and true
 For its kindness that grows each year.

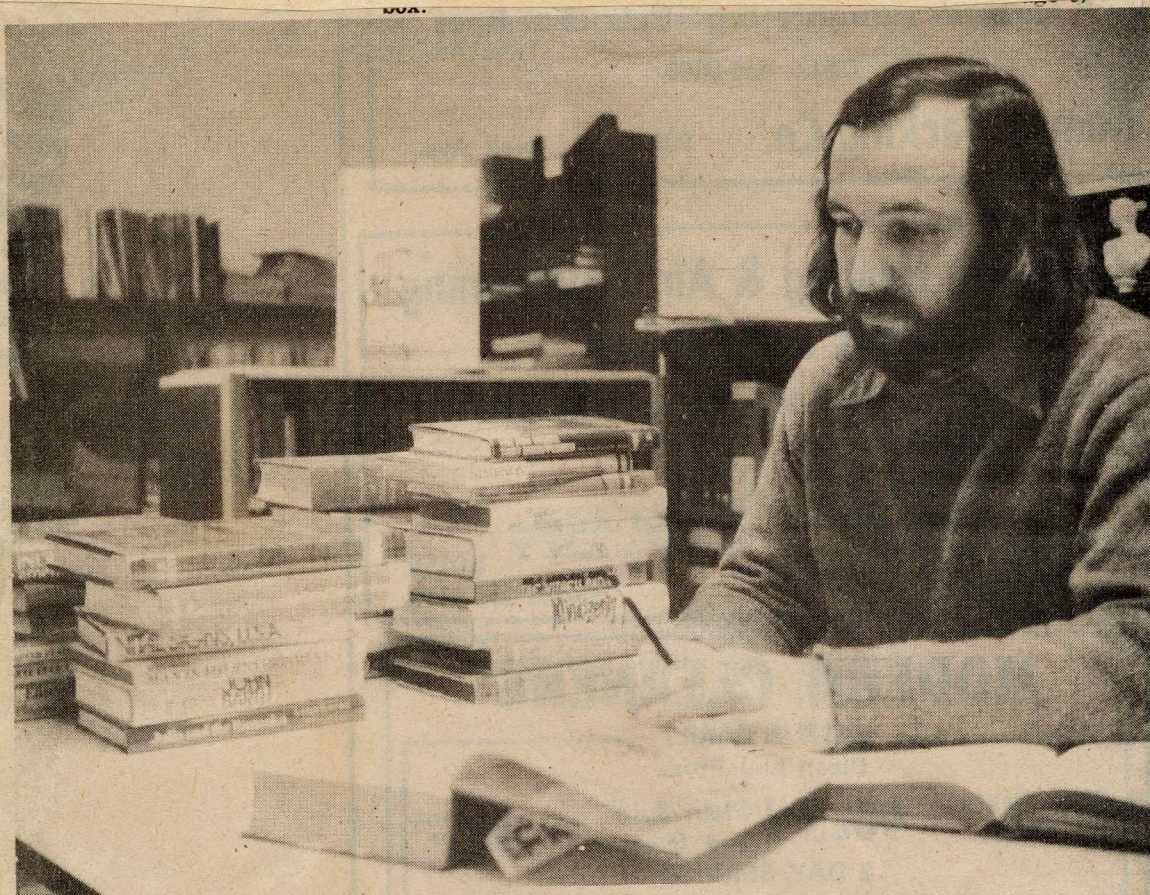

So my best wishes and good luck to all
 I'll always an Occident Club member be
 Looking forward to seeing you this fall
 If needed, I'm here for you to call or see

Gift Tree Planted — After 16 Year Delay

A white pine tree, a gift from the Idaho Federation of Women's Clubs, is growing on the U.S. Capitol grounds in Washington, D.C., 16 years late.

plaque with the legend "This Pine Tree Planted by the Idaho Federation of Women's Clubs" accompanied the gift.

Back in 1959 each state was invited to plant a tree on the grounds and the Idaho clubwomen, in cooperation with the U of I Forestry Department, sent a white pine. It died before it could be planted. The late Sen. Henry Dworshak asked that another be sent. In 1962 three more arrived to be placed in the Arboretum until they became acclimated. The best was to be planted on the Capitol grounds. A

Last year, when the office of Sen. James McClure was being cleaned, someone found the plaque, investigated and discovered none of the three 1962 trees had been planted.

So this summer Sen. McClure made arrangements for another planting and he took part in the ceremony, while Mrs. James Abbott of Swan Lake, current Idaho Federation president, was in Washington. Mrs. Lionel Dean of Twin Falls also was present.

Activity doubles Meridian public library gains patrons, use, books and staff

Meridian librarian Grove Koger said library activity has been increasing ever since the Meridian public library moved into its new quarters in June, 1974.

In a little more than a year since the present facility opened its doors, said Koger, 900 new patrons have taken out cards, more than doubling the number of active readers.

Of the new patrons, half live within the library district and half within the city of Meridian. As a result, circulation has climbed averaging more than 3,500 items per month this summer.

Marie Sandy is the librarian for the city library, sponsored by the Occident Club. Grove Koger is librarian for the new library district, assisted by Nancy Spear.
